Crimes, offenses and misfeasance in popular fairy tales

Fairy tales constitute a representation of the cultural reality which people, as well as groups, process, share, propagate and also thus reveal the ideological and cultural space they place themselves in The fairy tale seems to reserve a special place within a system of mutual and successive generalizations and simplifications, which is

The Fine-Tuning of the Universe for Intelligent Life

The fine-tuning of the universe for intelligent life has received a great deal of attention in recent years, both in the philosophical and scientific literature The claim is that in the space of possible physical laws, parameters and initial conditions, the set that permits the evolution of intelligent life is very small
